

### **Directions and Parking:**

The West Bridgford Academy address is Loughborough Road, West Bridgford, Nottingham, NG2 7FA.

The school is located on Loughborough Road next to the old fire station on the same side of the road as ASDA and The Wolds pub. The turning driveway is next to the long line of poplar trees next to Kingswood Road.

Once you turn up the drive and get to the top, turn right and follow the road all the way around until the road stops, through the green gates. You should see some new buildings on your left hand side and parking spaces starting on the right.

### **Parking:**

You can park in any spaces on the way around the pool, if the spaces near the pool are full, please use the spaces at the top of the drive outside reception.

There parking closest to the pool is by the food and technology block at the end of the road you follow to the end.

### **Getting to the swimming pool:**

At the back of the car park are some steps that go down to an open area. You will see a long wall ahead of you with two fire escapes at each end (this is where the swimming pool is). Please **do not** enter through these fire escapes, even if they are open. To the right of the right hand fire exit is a door that will open to a corridor with a left turn at the end. Follow this and the changing rooms are on the left at the bottom of the stairs.

If your child/ren is eight years old or above, they must change in the same sex changing rooms – this is law! Once your child/ren are changed, please go up the stairs and turn left to watch their swimming lessons from the balcony. **Please make yourself known to the swimming teacher who you are the parent of in case of emergency and for child protection.**
